

Funds To Collect Service

Speed up completion and simplify your financial admin by instructing us to collect search payments directly from your client.

Simplify your client payment processes.

The Funds to Collect service is a secure, efficient solution for your firm, freeing up time that can be better spent looking after the needs of your clients.

It can take 21 days to receive payment for searches. We can reduce this to 48 hours on average.

Stay compliant with client funds.

Regulations governing use of funds held in client account cost time in both administration and notification of funds spent.

Our Funds to Collect service provides a solution, by instructing us to take payment for searches direct from your client and provide them with an invoice.

How it works:

1

Place an online Residential or Commercial search order using Unity® Global Platform.

2

Select Funds to Collect as the payment option.

3

We contact the client detailing the order and confirming that our contact team will be in touch to take payment.

4

On receipt of a direct bank transfer or card payment, we proceed with the searches.

We offer a Search Fee Guarantee. If your client's transaction falls through, they can receive a second set of searches on another property free of charge within six months.

Designed to:

- Simplify your payment processes.
- Take the pressure of your Finance and Admin teams.
- Free up cashflow whilst helping speed up completion.
- Offer you additional payment options if you do not accept payment by card.
